Dear Parents/Guardians,

School attendance is required by the State of New York for all children ages 5 through sixteen. So far this year, some children have had an excessive number of tardies. We insist that your child arrive on time, unless there is an excusable reason. **School officially starts at 8:00 am.**

When your child arrives late to school, they are missing out on crucial instruction in Math or ELA which is taught by many teachers during the first period of the day. Their late entrance into the classroom also causes a disruption for the class and the teacher. The tardiness also interrupts the productivity in the school office because a staff member must meet your child at the door to take their temperature reading due to COVID-19 safety measures. I hope you understand how tardiness impacts your child's education and the operation of the school as a whole.

We work very hard to ensure that your child receives the best education possible. We cannot do that if your child is not in school — on time, every day, when your child is healthy. They surely miss out on the fullness of the education you are paying for. Please partner with us to provide the outstanding education your child deserves and in setting proper examples which will last them a lifetime.

Thank you very much for your cooperation.

In His Service,

Jeannette Rosa-Sanchez, MS, LMSW  
School Administrator
