Dear Cornerstone Christian School parents and guardians,

The Spring months have arrived and with them comes allergy season. This time of year can cause children who are sensitive to allergies to cough, sneeze and sniffle at times. However, I would like to make all parents aware that a child cannot be sent home from school for these symptoms if a fever is not present. We are cautious and take students' temperatures when they are sent to the nurse's office with these symptoms.

BOARD OF EDUCATION

John Contento
Treasurer

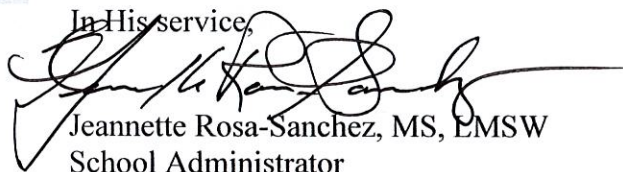

Suzette Venner

Jeannette Rosa-Sanchez
Administrator

Daily after-school disinfecting and cleaning is conducted by a private cleaning company named Vanguard. In addition to our daily disinfecting routine, an EPA-approved disinfectant which involves a four (4) minute wet kill for Covid-19 and many other viruses/germs is administered every Sunday, Tuesday, and Thursday evenings by Vanguard. This treatment is 100% safe for kids, staff, patrons and to touch, and it is even safe on food prep surfaces. The IWave is also administered through our school which reduces pathogens and allergens in the air.

Please be reassured that we are taking the proper measures to keep our school sanitized as best we can.

In His service,

Jeannette Rosa-Sanchez, MS, EMSW
School Administrator
