

Cornerstone Christian School

On **March 21st** Cornerstone will be participating in the **Lots Of Socks** campaign for World Down Syndrome Day

How will we participate?

- Students are encouraged to wear a **BLUE SWEATER** and mismatched, colorful socks that will get noticed.
- When people ask about the socks, students can say that they are wearing them to raise awareness about Down Syndrome, and share information about Down Syndrome.

We are making a call for people around the world to end the Stereotypes.

Stereotypes lead to people with Down Syndrome getting treated like children, they are underestimated and excluded. Sometimes they are treated very badly or even abused.

Each person with Down Syndrome is different. Just like everyone else. It is important to get to know the individual.

By participating in the #Lots Of Socks Campaign. We are advocating for the rights and the well-being of people with Down Syndrome.
